

Two new e-resources are now available on-line:

1. Auto Repair Reference Center

Auto Repair Reference Center contains repair and maintenance information on most major manufacturers.

New repair procedures and updates are added to the product on a regular basis.

2. Small Engine Repair Reference Center

Through a collection of comprehensive full-text content,

Small Engine Repair Reference Center provides users with detailed, yet user-friendly repair guides for all manner of small engines (chain saws, motorcycles, mowers, etc.).

Both resources are available via the Electronic Resources page of the NBPLS Web site:
